THE DEPARTMENT OF EDUCATION ACT

O. Reg. 16/64.
General Legislative Grants.
Made—January 22nd, 1964.
Approved—January 23rd, 1964.
Filed—January 23rd, 1964.

REGULATION MADE BY THE MINISTER UNDER THE DEPARTMENT OF EDUCATION ACT

GENERAL LEGISLATIVE GRANTS

INTERPRETATION

1. In this Regulation,

(*a*) "provincial equalizing factor" means the factor determined by the Department of Municipal Affairs to adjust the local assessment of the whole or part of a municipality to the assessment to be used for grant purposes;

(*b*) "rural municipality" means a township either with or without municipal organization, and unsurveyed territory;

(*c*) "urban municipality" means a city, town or village; and

(*d*) "year" means the period from and including the 1st day of January to and including the 31st day of December next following.

2. "Recognized extraordinary expenditure" and "net recognized current cost of operating" shall be subject to the approval of the Minister.

APPORTIONMENT

3. The general legislative grants for public schools, separate schools, continuation schools, high schools and vocational schools shall be,

(*a*) apportioned and distributed to boards in accordance with this Regulation; and

(*b*) applied to such school purposes as the board receiving a grant deems expedient.

CONTINGENCIES OF GRANTS

4. Where a board does not comply with the Acts administered by the Minister or the Regulations thereunder, the Minister may withhold the whole or any part of a grant payable until the board has taken the action necessary to correct the condition that caused the grant to be withheld

5.—(1) The grant payable under this Regulation shall be paid in the number of instalments and at the times designated by the Minister.

(2) Where in any year the amount voted by the Legislature for the grants under this Regulation is insufficient or more than sufficient to pay the grants in full, the Minister may make a *pro rata* reduction or increase, as the case may be.

PART 1

CORPORATION TAX ADJUSTMENT GRANT

APPLICATION

6. This Part applies to general legislative grants to elementary-school boards with respect to corporation assessment.

INTERPRETATION

7. In this Part,

(*a*) "corporation assessment" has the same meaning as in *The Assessment Act*;

(*b*) "commercial assessment" means,

(i) the assessment of real property that is used as the basis for computing business assessment including the assessment for real property that is rented and occupied or used by the Crown in right of Canada or any province or any board, commission, corporation or other agency thereof, or by any municipal corporation or local board thereof,

(ii) business assessment, and

(iii) the assessment for mineral lands, railway lands, other than railway lands actually in use for residential and farming purposes, and pipe lines, and the assessment of telephone and telegraph companies; and

(*c*) "residential and farm assessment" means the assessment for real property except the assessment for real property mentioned in subclauses i and iii of clause *b*.

GRANTS

8. The decimal fraction, correct to five places of decimals, of the non-corporation residential and farm assessment in a municipality as shown on the 1963 assessment roll supporting each elementary-school board in that municipality shall be determined by dividing its non-corporation residential and farm assessment by the total non-corporation residential and farm assessment in the municipality.

9.—(1) In a municipality where, according to the 1963 assessment roll, the corporation assessment is 5 per cent or more of the total assessment, there shall be calculated and, subject to subsection 2, allocated to each elementary-school board for purposes of section 11 and subsection 1 of section 13 the amount of assessment computed by multiplying the total corporation assessment in the municipality, as shown on the 1963 assessment roll, by the decimal fraction of the non-corporation residential and farm assessment supporting the board as determined in section 8.

(2) The amount of assessment in a municipality allocated to a board under subsection 1 shall be limited to the excess of the amount calculated for the board over the amount of corporation assessment in the municipality already supporting the board and shall be not less than zero.

10. The average mill rate, correct to three places of decimals, for public-school purposes in a municipality on commercial assessment, as shown on the 1961 assessment roll, shall be obtained by dividing the amount levied on commercial assessment for all public-school boards in the municipality by the total commercial assessment supporting public-school boards in the municipality and multiplying by 1,000.

11. A board to which assessment has been allocated under section 9 shall be paid a grant of the amount computed by multiplying the corporation assessment so allocated by the mill rate determined in section 10 and dividing by 1,000.

PART 2

ELEMENTARY AND SECONDARY SCHOOLS

APPLICATION

12. This Part applies to general legislative grants for elementary and secondary schools.

INTERPRETATION

13. In this Part,

(1) "Assessment" means,

(*a*) the assessment of all property, including business assessment, rateable for purposes of the board in the area under its jurisdiction, as shown on the assessment roll on which taxes were levied for the preceding year, adjusted by the provincial equalizing factor;

(*b*) where money is received by the board under section 35 of *The Assessment Act* or clause *b* of section 5 of Regulation 31 of Revised Regulations of Ontario, 1960, the amount equivalent to that which, if levied upon at the rate of real-property taxation on the ratepayers supporting the board, would result in taxation equal to the money so received by the board, adjusted by the provincial equalizing factor; and

(*c*) the amount allocated to the board in respect of corporation assessment under section 9 adjusted by the provincial equalizing factor.

(2) "Assessment per class-room unit" means the quotient obtained by dividing the assessment determined under subsection 1 by the number of class-room units determined under clause *a* of subsection 13 for an elementary-school board, or under clause *b* of subsection 13 for a secondary-school board, as the case may be.

(3) "Class-room in operation" means a class-room used throughout each school day by pupils in the charge of a teacher, and where a class-room is used for half of each school day for kindergarten or other instructional purposes, the class-room is half a class-room in operation.

(4) "Cost of operating" means the sum of,

(*a*) the total expenditures for the normal operation of the board for school purposes in the preceding year made by the board or on its behalf; and

(*b*) debt charges payable in the current year by a board or on its behalf,

less,

(*d*) revenue in the preceding year,

(i) from tuition fees,

(ii) from the Minister under Ontario Regulation 280/63 for the cost of education and of transportation,

GRANTS FOLLOWING ANNEXATION AND CHANGE IN STATUS

30. This Part applies to grants following annexation and change of status.

31. In this Part,

(*a*) "annexation" includes amalgamation;

(*b*) "urban municipality" means a city, town or village with a population of 14,000 or more;

(*c*) "non-urban municipality" means any municipality other than an urban municipality; and

(*d*) "change in status" means a change from a non-urban municipality to an urban municipality as defined in clauses *b* and *c*.

32. Where the whole or part of a municipality is annexed to an urban municipality on or after the 1st day of January, 1949, or where, on or after the 1st day of January, 1958, an area comprising all or part of one or more non-urban municipalities becomes an urban municipality, and at the date of annexation or change of status there were outstanding debentures for one or more school buildings in that municipality or part, as the case may be, the debt charges to the extent that they were eligible for grant for the board of the school-section, separate-school zone, or secondary-school district in the area annexed or in the non-urban municipality in the year of annexation or change of status shall, except in the year of annexation or change of status, be eligible for a grant at the rate by which the greater of,

(*b*) the rate applicable to the board of the school-section, separate-school zone, or high-school district of the urban municipality for the year of annexation or change of status,

33.—(1) In the year in which the whole of a school-section, of a separate-school zone, or of a secondary-school district is annexed to an urban municipality or in which all or part of a non-urban municipality becomes part or all of an urban municipality the grant shall be calculated under the provisions of section 19.

(2) In the year in which part of a school-section, of a separate-school zone, or of a secondary-school district is annexed to an urban municipality and, on the last school-day of September preceding the annexation, not more than 10 per cent of the number of pupils residing in the school-section, separate-school zone, or secondary-school district, or not more than ten pupils, whichever is the lesser, resided in the part annexed, the grant shall be calculated as if there had been no annexation and be paid to the board from which the area has been detached.

(3) In the year in which part of a school-section, of a separate-school zone, or of a secondary-school district is annexed to an urban municipality and, on the last school-day of September preceding the annexation, more than 10 per cent of the pupils residing in the school-section, separate-school zone, or secondary-school district, or more than ten pupils, whichever is the lesser, resided in the part annexed,

(*b*) the board of the urban municipality shall be paid the total amount, before division, calculated under the provisions of subsection 3 of section 19 less the amount paid under clause *a* to the board from which the area has been detached.

34.—(1) Where on or after the 1st day of January, 1949, an urban municipality having a population in the year preceding annexation of 14,000 or more, annexes an area in which the combined average daily attendance of public-, separate- and secondary-school pupils resident in that area exceeds 20 per cent of the combined average daily attendance of public-, separate- and secondary-school pupils resident in the urban municipality, or where on or after the 1st day of January, 1958, an area comprising all or part of one or more non-urban municipalities becomes an urban municipality, there shall be paid to each board of the urban municipality an annexation or change-in-status grant per pupil as set forth in subsections 2, 3, and 4.

(2) The annexation or change-in-status grant per pupil shall be 100 per cent of the amount by which the grant per pupil paid under this Regulation to the board or boards of the urban municipality in the year of annexation or change-in-status is exceeded by the grant per pupil paid in the same year in the annexed area or in the non-urban municipality, ascertained by dividing the grant paid in each case, exclusive of grants on debt charges, on capital expenditures from current funds, on sites, and on transportation, by the average daily attendance of resident pupils.

(3) Subject to subsection 5, in the second, third, fourth and fifth years following the annexation or change in status,

(*a*) the annexation grant per pupil shall be paid on the excess of the average daily attendance of resident pupils of the board of the urban municipality subsequent to annexation over the average daily attendance of the resident pupils of the urban municipality in the year preceding annexation; and

(*b*) the change-in-status grant shall be paid on the average daily attendance of resident pupils of the urban municipality.

(4) Subject to subsection 5, in the sixth year following the annexation or change in status, the percentage of the grant per pupil shall be reduced by 20, and in each year thereafter by 20 for each additional year.

(5) For purpose of the payment of the annexation grant per pupil under this section, the ordinal numbers applying to the years following the annexation in subsections 3 and 4 apply as if the years 1958, 1959, and 1960 had not existed.

PART 5
